Explore Vorarlberg

Spirits are high and the living is easy between Lake Constance and the Arlberg mountain in Vorarlberg in Austria's very west. The harmonious blend of mountain scenery, sophisticated culture and eye-catching architecture inspires. Standards of quality and service are high, and the food is simply delicious.

Pleasantly small in size, surprisingly varied: Vorarlberg rewards visitors with true moments of bliss. In the mountains, you will come across a colourful array of alpine pastures, forests, mountain lakes, brooks and craggy peaks. Setting out on foot, or on a mountainbike or e-bike, you can explore the scenery either on your own, or join a guided tour.

Nature discovery can ideally be combined with cultural activities. The highlights of the year are the Bregenz Festival where grand opera is performed open air on the floating stage, or the Schubertiade festival in Schwarzenberg and Hohenems, dedicated to classical music. The poolbar festival in Feldkirch combines pop culture and design.

A string of museums addresses various themes. Contemporary art is on show at the glass-cube structure of Kunsthaus Bregenz. The Vorarlberg museum in Bregenz lets you catch a glimpse of Vorarlberg's past and present in an entertaining way. Nature hands-on in the trust sense of the word is the overarching idea of inatura, an interactive nature discovery show in Dornbirn. The Werkraum building in Andelsbuch showcases innovative Bregenzerwald crafts and design. In the towns and villages, you will come across a stunning mix of traditional and contemporary (timber) architecture. The regional cuisine is mouth-watering, and hospitality comes right from the heart, with unfailing commitment to quality and service.

Having a look around is highly recommended, and getting around is pretty convenient. The system of public transport is perfectly developed, and distances are fairly short. Cable cars whisk you up to panoramic heights. From Bregenz harbour, vessels head for the finest destinations around Lake Constance. Depending on the region, regional inclusive cards are included in the price of accommodation, or available at a well-priced rate. They are valid for rides on cable cars, buses, and mostly also for participation in guided programmes.

Enjoy your stay in Vorarlberg!

Sun, Moon and Fire

• The sunrise walk starts at around 3 o'clock in the morning, and bringing headlamps is advisable. Having arrived at the top, you will be greeted by the first rays of sunshine – a memorable experience which soothes the pain of having risen that early. In Lech Zürs am Arlberg a bivouac at Stierlochkopf (2,350 m) offers shelter for the night for a token contribution towards its maintenance. You can also camp out in the mountains in the Montafon as part of a guided hike. The campsite is in open nature above Gaschurn.

• Gaze at the setting sun from high up in the mountains: This is what you can do once a week at Diedamskopf (Au-Schoppernau), with buffet and music at a mountain-top restaurant. Sunset-walks, which can be combined with a mountain BBQ in the mountain-top restaurant, are organised in Brand.

• HERTHA GLÜCK is a story teller who accompanies themed legend walks at Kristberg in Montafon at new moon and full moon. In between the storytelling, you embark on a three-course culinary walk into the Montafon of days gone by.

dining experience with physical activity, from breakfast at sunrise to an e-bike tour up to a high-alpine farmstead. Convenient: Many starting points for walks and several look-outs can be reached by cable car.
